Bulla M. Another Successful Tip at Generous Odds-Baby Willie and Peter Paul Win for Virginia Bradley-Steeplechase for Champs Elysees-Entries for To-day.

WASHINGTON, April 12 - Disagreeable eather had no terrors for the crowd at Benings to-day, as the attendance was up to be usual mark. The rain last night turned the track into a circular sea of sloppy mud, but scratches were not numerous. It was not an easy day for the talent, as favorites Were bowled over in the first four races with painful regularity. But R. M. Taylor, the well known gentleman rider, and a number of Baltimore friends, were jubilant over the success of Mr Taylor's Monsoon in the first While the form players were making Ninna-quaw a favorite at 8 to 5, the Baltimoreans and others who were in the confidence of the stable were quietly backing Monsoon from 20 to 1 down to twelves Fondness, another tip that was backed down to 30 to 1, made the early pace, but quit at the last furlong pole. Then it looked as if Ninnasquaw, who had been the runner-up, would win, but in a heavy drive Baird got Monsoon home in front by bead, Ninnasquaw taking the place by two lengths from Callant, another good thing, the closed at 8 to 1. Miss Shylock, second choice, was a head back, but there was no excuse for her.

who closed at 8 to 1. Miss Shylock, second choice, was a head back, but there was no excuse for her.

Virginia Bradley's colors were carried to victory in the second and third events. The second race was for maiden two-year-old filles and geldings, at four furlongs and Bradley started Baby While, a filly by Aloha who was third choice. She displayed marked improvement and under a careful ride from Hoffman she won by a head from Merry Belle who, coupled with Judge White, was a 7 to 10 favorite. The latter led right up to the last dozen yards and then beat her stable mate a head for the place.

Peter Paul also won for Bradley in the third event, for four-year-olds and upward, at a mile and 70 yards. He was backed down to 12 to 5 and made a spreadeagle race of it from the barrier to the wire, where he was yidden out by Hoffman, with six lengths to spare. Tootsey Mack, 5 to 1, beat Panique, to 1, for the place with ease. Rockland, the favorite, quit at the three-quarter pole. H. M. Masson and his friends cut a melon in the fourth race, for platers, at five and a half turlongs, with Julia M., formerly owned by andrew Miller. The mare opened at 10 to 1 and was gradually played down to sevens. She made good by leading always, coming home in front by half a length in a drive. Little Woods, the favorite, closed strong, taking place money from Setauket, 4 to 1, by fourslengths. Pat Dunphy was a head out of the money.

Champs Elysees was the first successful favorite. He won the steeplechase, for maidens, at about two miles, in easy fashion. At one time he led by almost an eighth of a mile, but was eased up on the fiat. Follow On, owned by J. Kerr, secured the place by fifty lengths from Illicit, who was lowered from tens to sixes.

Al Stokes's Northville was a prohibitive favorite in the sixth race, for maiden three-year-olds, at seven furlongs, and won handly speed and boat Bill Daly's Salt and Pepper, backed down to sevens, with an advantage of two and a half furlongs.

TWENTY-SECOND'S GAMES. Company A Wins Athletic Point Trophy

- Two Armory Records. The annual spring games and reception of the Twenty-second Regiment Athletic Association took place last night at the armory Sixty-eighth street and Broadway, and a programme of fifteen events, fourteen of which were confined to members of the regiment, produced some exciting contests. The crowd in attendance was small; in fact, the smallest seen at these games in a long time, and she competitions dragged until midnight.

With a liberal start of eighteen feet, E. G. Woolfolk of Company I accounted for the 70 yard handicap A good field turned out for the half mile handicap, and for four laps there was some nice racing between McKenzie of Company A, with 30 yards, and Rodgers of the hospital corps, with 18 yards. In the last lap McKenzie tired, and Rodgers had enough steam up to win, while Smith of Company B, the scratchman, took second place
W. G. Frank of Company A, with an allow-

ance of 20 yards, showed good form in the mile handicap. At about half the distance Bonhag, the scratch man, was level with him and looking all over a winner, but Frank picked himself up with a rare dash toward the finish than his handicap. Sullivan of Company A. with 25 yards, just nailed Bonhag on the tape for second place.

A new armory record was established in the 12 pound shot. F. S. Callahan of Company H sent the weight 48 feet 5 inches, beating the old mark of 48 feet 1/4 inch, made by

ing the old mark of 46 feet ½ inch, made by Callahan himself last November. G. F. Smith of Company B ran the quarter mile in 52 2-5 seconds, and these figures equal the ald record for the armory, made by W. S. Edwards in November, 1960.

Company A secured both the O'Brien trophy and the athletic trophy, the latter carrying with it the biggest score in points with a total of 41. The tally of the other companies was: Company F. 22; Company I and Company B, 18 each; Company C, 11; Hospital Corps, 9; Company H and Company B, 20; Company H, 3 apiece, and Company G, 1.

COLUMBIA LOSES ATHLETE. Stangland, Champion Broad Jumper,

Leaves University to Work. After many vicissitudes the Columbia track team has definitely lost Robert S. Stangland, the intercollegiate champion broadjumper. Stangland has left college to accept position with an engineering firm in Ten nessee. The matter has been more or less a secret among the track team men. Stang-land was a postgraduate student, having obtained his degree from the school of mines last June. He came back to college last fall to play on the football team, of which he had

been elected captain. The loss of the broad jumper will greatly affect Columbia's chances of making points in the intercolleginte games. Stangland last year did 23 feet 6% inches, the best performance ever credited to a Columbia broadjumper. In addition, Stangland won the
broad jump in dual meets with New York
University. Pennsylvania and Princeton.
It was said some time ago that Stangland
would have to retire from athletics for good,
because of a dangerously enlarged heart
Later this was modified so that Stangland
was permitted to jump for the team, but not
to run. He had started training with the
men on the squad, but did not go to Williamsbridge for the work in quarters.
In training at Columbia Oval yesterday
J. H. A. Williams, '07 science, vaulted 11 feet

record, which has stood since 1897. formance ever credited to a Columbia broad

NEW YORKS WHITEWASH THE MONTREAL TEAM.

CHAMPIONS FAST ON BASES

Close Contest Until the Seventh Inning, When McGraw's Men Put on Speed Good Pitching by Leroy of the Visiting Club-Results of Other Games.

While McCarthy and Leroy were in the box the Montreal Eastern Leaguers held the New York Nationals to a close score at the Polo Grounds yesterday, but when Hammon went in the New Yorks immediately enlarged their collection of runs with six additional The first two Montreal pitchers did good work and the Champions' batting against them was skimpy, but Hammon was wild and ineffective.

Four hits, far apart, were all the visitors made off McGinnity and Mathewson, and even up to the seventh inning, when the New Yorks nade their six runs, it was safe speculation that the New Yorks two runs would be enough to win. At no time was it likely that the Montreals would score. Just once in the game did the minor leaguers have two men on bases at the same time, and only one man voyaged as far as second base and none to

bases at the same time, and only one man voyaged as far as second base and none to third base.

The game was the reverse of brisk, though the base running of the New Yorks injected life into it. The fielding, too, for the most part was excellent. In the seventh, when base hits and bases on balls were coming, the rapidity of the Nationals on the bases hurried the Montreals to the committing of a couple of errors, one a bad throw by the catcher and the other a failure by the shortetop to cover second on a throw by the catcher. Gilbert doubled to centre in the second inning, scoring Dahlen, who had walked. Gilbert stole third, and he and Bresnahan, who was hit by a pitched ball, worked a double steal for a run. Leroy, who pitched the fourth, fifth and sixth innings for Montreal, not only kept the New Yorks from making a single hit but not one of them reached first base while he presided over the twirling job. He not only pitched high class ball but fielded his position in expert fashion. He and McCarthy and McGinnity all made use of the spit ball.

The New Yorks put in a burst of speed in the seventh inning, the only inning in which there was much action, stealing four bases and making five hits. Bowerman made a boild attempt to score in this inning. The bases were filled and he was on second when a base on balls to Dahlen forced Strang across the plate. There were two strikes and three balls on Dahlen, and everybody moved with the ensuing pitch. Bowerman was around third on the heels of Strang, but the Montreal catcher noticed him and headed off what, had it gone through, would have been a rare play. The score:

There are 1,655 names by count on the handicap list of the Massachusetts State Association, and, as it is constantly revised on account of the one day handicaps, for which players enter from all of the fiftyone clubs, the ratings are a real help in keep-ing up the game. Regarding the placing of ing up the game. Regarding the placing of A. L. White at one, while three whom he beat in the intercollegiate, W. E. Egan, Malcolm McBurney and W. C. Chick, are at scratch, Handicapper Cracknell states: In note what THE SUN says about A. L. White, but then in the Massachusetts championship he was beaten by T. G. Stevenson, who in turn was beaten in the final by A. Carnegie 2d. White undoubtedly will get down to scratch if he plays his game this year. I think the list will work all right, we rate Travis at plus 3, 4 or even 5, and then we think our scratch men about on an equality with the men who formerly have been put on the M. G. A. list next to Travis.

The return match with the Montclair Golf Club has been advanced from April 29 to April 22. Saturday's competition will be a bogey handicap for a prize given by Dr. William Jarvie.

There will again be class A and B divisions in the members' handicaps at the Fox Hills Golf Club this season, the line being fixed at 12 strokes, under or over. The club's tournament committee, which will work with the M. G. A. committee during the champion-ship of the local clubs in May, is made up of G. Radford Kelso, chairman; Frank Barrett, Frank Sears, C. W. Sparks and J. G. Batterson.

Golf is advancing throughout the Continent with the giant's strides that marked its early progress here a decade ago. A good nine hole course has just been finished at Aix-les-Bains. Invitations have again been sent to many American clubs to participate in the second annual international meeting of the Societé de Golf de Paris at La Boulie, Versailles, in June. The amateur championship of France will be played on June 8 to 10 and later there will be an open handicap event for the Henry Cachard challenge cup. Tom Vardon has been laying out a links near Havre. The game has at last crossed the Spanish frontier from Biarritz, Willie Dunn's old links, and courses are under way at San Sebastian and Madrid. Hitherto there had been but one golf course in Spain, at Busaco and laid out on the battlefield. There is a golf course in Portugal at Espinho, where it is said the chief hazards are a herd of the buills used in the buillights.

Jasper Lynch, J. G. Batterson, Davison Lloyd and Fred P. Kimbali are to be added to the entries for the Atlantic City Country Club tournament that begins this morning. They will play for Lakewood in the team contest that is to be decided by the scores in the thirty-six hole qualification round.

BASKETBALL.

New York A. C. Defeats Xavier A. A .- St. George A. C. Wins From Atlas A. C. The star game in the metropolitan basketball championship tourney took place last night at the Young Men's Hebrew gymnasium, when the New York A. C. met the Xavier A. A., the latter team winners of last year's title. It was the best game seen in this locality in a long time, and in the forty min-utes play the ball was not idle a fraction of a second. The New Yorks were much the heavier team, and they were a good deal taller, having the advantage every way. In the first half it looked as if Winged foot men would come out shead with a big score was when the gong sounded the score

was 19 to 4 in their favor. In the second half the Xaviers did better, but they could not overcome the big lead of their sturdy opponents, who won with a comfortable margin of sixteen points. The line-up: New York A. C. Positions. Xaster A. C. Runze. Right forward Kearin Fisher. Left forward Kenny Wendelberg. Centre Donovan Hurley. Right guard. Roach Von Sholly. Left guard. MORRIS PARK AS MOTOR FIELD. Prominent Autoists Rally to Support of New Club.

After a meeting of the newly formed Morris Racing Club yesterday, it was learned that splendid support is being given to this new organization and that automobile contests organization and that automobile contests at record speed are to be one of the conspicuous features of sport about New York his summer. The club will promote competitions between its members at meetings open to members only, the same as trottinghorse clubs now do. A number of applications have been received, so many, in fact, that it is now expected to have the club reach the limit of 250 before the opening meeting, on May 20.

May 20.

Although the full list of officials has not been completed, it was learned yesterday that among the governors are Col. John Jacob Astor, William S. Fanshaw, Albert R. Shattuck, Winthrop E. Scarritt, William C. Reick, Robert Lee Morrell, Jay Cook 3d, Edmund Randolph, Arthur Iselin, William P. Hamilton, J. Horace Harding and Dave Hennen Morris. All these sportsmen are deeply interested in motoring, and their efforts will be directed toward arranging for amateur competitions between club members. It has been planned to offer a silver trophy for the championship of the club, Contests will be arranged between members at frequent intervals, and the prize will be awarded to the member scoring the greatest number of points during the season, counting four points for finishing first, two points for second, and one for third.

Only members will be allowed to practise on the oval, which will be open every day, and they will also have all privileges at race meetings. ay 20. Although the full list of officials has not

THE SPIT BALL A BALK.

Under Certain Conditions National League Umpires Will So Declare It. Under certain conditions the spit ball will be a balk in the National League this year. President Pulliam has no objections to the spit ball in itself—though he does not fancy the name -but he thinks there is such a thing as using it in a manner not entirely consistent with the requirements of good taste. He has instructed his umpires to see to it that pitchers do not moisten the ball in an ostentatious, objectionable manner, for instance with the ball a foot or so away from the mouth in one hand and deliberately wetting the fingers of the other land after the manner of a man licking a postage stamp. A balk will be called on every pitcher so doing, provided, of course, there is somebody on base.

There is no objection to a pitcher applying saliva to the ball if he does it in an inconspicuous manner. Chesbro, the best of all spit ball pitchers, wets the ball in such a way as not to attract any attention and in a way entirely free from coarseness. Both hands are held close to the face, and the spectators are unable to see the wetting of the ball.

Joe Hornung and Doc Kennedy of this city as using it in a manner not entirely consistent spectators are unable to see the wetting of the ball.

Joe Hornung and Doc Kennedy of this city, so Horaung and Doc Kennedy of this countries to competent men, are to unspire coll games this sesson. President Pulliam, assigns the umpires to the college games, put Horaung and Kennedy on his resestaff for that purpose.

throp in two straight sets, the score being the first set, but Mrs. Edey and Miss Barney put in some telling work afterward, and finally won, the score being 3-6, 6-2, 6-4.

Miss Delafield and Miss Robinson were opposed by Mrs. Morgan and Miss Tolice in the first game of the afternoon session, and some very nice play was witnessed. Miss Delafield, and her partner won the first set decisively, but had rather a hard struggle in the second set. However, they won with a score of 6-2, 7-5. Some good smashing was seen in the last same of the day, between Miss Leonard ann Miss Eobbe against Miss Farso and Miss Scott. Each side secured a set, but Miss Fargo and Miss Scott won the deciding settle score being 6-3, 3-6, 6-3. This concluded the first round, and some smart work is expected in the second round to-day.
